BIOGRAPHY

Lisa Scrivens is a Canadian psychic and medium based in Winnipeg, MB. She has been seeing and sensing spirit since the age of three. Lisa transitioned to reading full time in 2013, allowing her more time and energy to devote to her many clients and growing waiting list.

On a mission to help as many people as possible connect with their loved ones who have crossed over, Lisa offers individual and group readings in person at her Winnipeg office, as well as over the phone. She also offers group readings at numerous events across the country.

TIMELINE

- In 2012, Lisa's grandmother's spirit visited her to encourage her to keep reading. It was then that she knew she needed to pursue reading professionally more seriously. Now, she has a wait list of thousands of clients.
- In the last decade, Lisa gifted hundreds of free readings and thousands of free tickets to her events, and has raised over \$40,000 for local non-profit organizations.
- Lisa also continues to volunteer her time with Palliative patients on a weekly basis.
- Lisa continues to sell out crowds in different parts of Canada. She hopes to do more tours and special events so that she can help as many individuals connect with their loved ones as possible.
- Lisa offers readings to individuals and groups in person, as well as over the phone.
- During a reading, Spirit communicates images, words, scents and feelings to Lisa. She then interprets these messages and passes them along to the spirit's loved ones.
- During a group reading, Lisa is open to communicate with the thousands of spirits that are in the room- a feeling that she compares with walking through a room full of cotton balls. When a spirit communicates with her, she says it can feel like a warm breeze.

PRAISE

"Every single little detail just is bang on...to have her give me peace and hope and love and light and promise - that's something that I could never repay and that's something that just leaves you awe struck."

- Tracey Ramsay

"This reading I had with Lisa really opened my eyes up to the fact that there is a life hereafter. God has truly given Lisa a gift to connect with the spirits who have crossed over. After my reading with Lisa, I felt at peace. It helps with the grieving to know that your loved one is with God now and is no longer in pain."

- Jim Gauthier

"I put my trust in her and I'm glad I did. If you ever have questions about the people in your life who have moved on, whether you're a spiritual person or not, I think it feels good and gives you that...peace that you know that there is life after and it doesn't just end."

- Karen Wesa

"She is an amazing individual and the spirits have chosen an amazing lady with a huge heart."
